First Communion & Confirmation Guide

Hello and Welcome....

My name is Stephanie Williamson and I have been a professional Photographer for over 15 years, specialising in First Commiunions and Confirmations for over 10, so I understand how important it is to capture memories of your child's special day.

The sessions are quick which means you get to enjoy your day with no queues and the knowledge of top quality photos. I encourage family photos and no matter how extended it is I will welcome you all (but please note it is important for everyone to be on time).

Once your session is complete you will be invited to the studio to choose your package and select your prints. I have lots of samples in the studio which will ensure you get exactly what you want.

So have a look through the brochure and get in touch to book your space or have a chat.

I look forward to hearing from you.

Stephanie
XX

Relax.....You're in safe hands

To ensure you get the best from your session, I will talk you through all your options and advise on what to expect from your session and get a feel for exactly what you want. Whether it is a few prints for family and friends or a large frame for your home.

Once your session is complete you will be invited back to view your images, and select prints or frames for your home and family to enjoy.

Outdoors

Outdoor sessions are ideal for children who just want to get outside and have some fun. Extended family photos can also be included. Sessions can be held in Tollymore, the beach or on the grounds of the Slieve Donard Hotel. If the weather is not to your liking, we can simply move the session to the studio, which is just around the corner.

These sessions tend to be the first ones to book up, so it is important to book early.

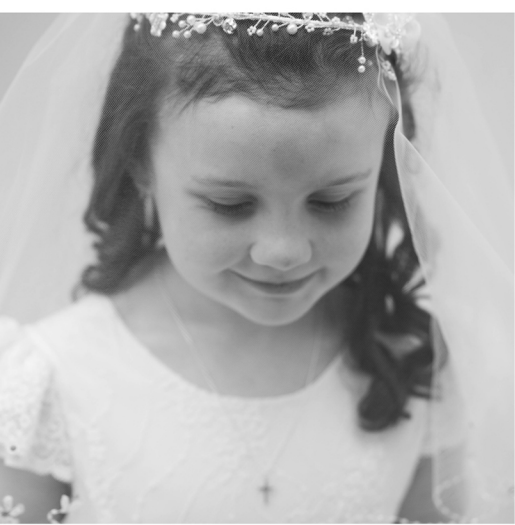

The Studio

My studio is conveniently located on the main Castlewellan Road in Newcastle (right beside the Burrendale Hotel). The studio has lots of space and different backdrops to choose from, so getting large families and a variety of backdrops is easy.

Maybe you are undecided about the Studio or outdoors? why not try both?

on your requirements.

COMMON QUESTIONS

CAN WE BOOK OUR SESSION BEFORE THE SERVICE?

Yes of course, this is no problem at all. I can even do a session after the big event and can travel to you (please note additional charges may apply).

HOW MANY IMAGES CAN WE EXPECT FROM OUR SESSION?

Between 20-30 edited images.

CAN YOU TRAVEL TO THE CHURCH FOR PHOTOS?

Unfortunately this is not possible as I am so busy on communion and confirmation days. However, it is worth asking, because if I have the time and you're not too far away, I am more than happy to oblige.

DO YOU PROVIDE PRINTS AND FRAMES?

Yes of course, and I actively encourage printing your images. I have a selection of custom made frames, and I can help you decide at your viewing which ones to print and frame.

WE HAVE A RELATIVE MAKING THEIR FIRST COMMUNION ON THE SAME DAY, CAN WE GET A PHOTO OF THE COUSINS TOGETHER?

Yes of course, but I would need to know as soon as possible so I can book the sessions back to back. Please note I have a strict "one communion child per session" (twins are fine)

HOW CAN I BOOK MY SESSION?

Simply get in touch and I can send you a booking link.
